5. Weekly Staff Meeting to be Biweekly

Last week at a senior OS management conference it was  
decided that the purposes of the weekly staff meeting  
could be served by meeting in the same forum on a biweekly  
basis with senior OS managers only meeting on alternate  
weeks. A memorandum format will keep employees informed  
of personnel actions and other happenings during off  
weeks. (U)

6. Expanded Headquarters Perimeter Alarm

Implementing one of the Security Review Task Force recommendations, the headquarters fence alarm system has been upgraded. The number of zones has been increased fivefold. There are monitors at the gates and a master control in the guard office. (C)

7. Badge Machine Turnaround Phase-In

Beginning this summer, by phasing-in one entrance at a time, it is planned that badge machines will be used to monitor nonduty hours departures from Headquarters Building. This program hinges on procurement of a badge machine arm which can "break" in two directions. (U/AIUO)

8. Personal Note

25X1A [REDACTED] is reportedly in "fine fettle" and is expected to return to the Washington area on 5 June. (C)
